### About DomaCom

DomaCom Limited (ASX:DCL) owns and operates a fractional investment platform that provides real solutions for SMSF's, retirees and new home buyers. Using the DomaCom platform, investors can make fractional investments in a range of asset classes including property-related investments, mortgage-backed securities, renewables, affordable housing, disability accommodation and debt securities via a unique trust structure tailored to them.

Retirees can sell a fraction of their house to investors, possible family members, to help them improve their retirement income.

DomaCom runs a crowdfunding campaign process in which investors can commit as much as they want towards the purchase of assets together with other like-minded investors. When a campaign is complete, DomaCom purchases the asset, places it in a sub-fund, and issues the investors with units in proportion to the amount they invested.

DomaCom's proprietary platform allows Australians to invest in almost any asset class, empowering them to create diversified portfolios with comparatively lower minimum investments and competitive cost structures.
